til a J. W. FOWLER, President. BY A Card—Challenge—Gne Thousand Dollars Against Five Hundred,—Believing that the declass of the Committee of the American Institute on Danguerreotypes was not a fair and just award, founded upon the comparative merits of the pictures exhibited, but was ceasil of other influences, I do hereby protest against it, so for as my own specimens are concerned. I will istake \$1,000 against \$500 that no Daguerrean artist exhibited at the late Fair, or at any previous Fair of the American Institute, twenty-nine pictures of equal sizes, displaying each for each the same amount of skill and fidelity to mature as my own there exhabited. The fact of a gold medal having been warded in 1819 on Daguerreotypes, and the present year a silver medal, would seem to indicate that the art of Daguer-rotyping had retrograded in this country. The truth, however, is, that the art has greatly advanced, and, therefore, in technic of the Profession at large, as well as in justice to my own reputation as an artist, to fore in good faith, \$1,000 to half that amount on the issue I propose, that the question be decided by five competent and impartial judges, to be fairly chosen, in such a way and manner, as may hereafter be desermined upon by the party accepting the challenge and my, and. All that I desire is a fair field and no favor; I am ready to put down the money and abode the test forthwith. It is when Saul religied upon the throne of issue I be Philistine.

nil iw. J. GUNNEY, 189 Broadway.

For When Saul related upon the throne of Israel, the Philistines gathered their armies to battle spains: the Israelites. Then went out a Champion from the Camp of the Philistines, named Goliah, of Gath; being of great stature he fancied himser a Giant of superhuman power, and thought by one fell blow from his own right sam to strike terror and disnay to the camp of Israel, and thereby achieve a great victory. Now there was among the Israelites a humble Shepherd boy, who, with his simple sling and atone, smote this proud bragatocia, and the victory was his. Now how very like this Philistine seems a cartain Daguerrean Artist, of some little notions of the Cornstitute of Almands for the Andle Nanoleons of the Saules and the victory of Merit and the two highest Medias along the Israelites of the Roors—those Nanoleons of the Saules (the Line of Almands, but the public on masse, awards ballenge and the decision is now home made of the Roors accept this ballenge, and the decision is now large made by the hundreds of intelligent citizens and strangers who daily visit their Free Gailery, 262 Broatlway, to behold and admire the wenderful productions of those iminitable genum of this Magic Art. taken daily by those Napoleon Daguerreary and sy behold our victory.

THE SECRET OF SUCCESS.—THE REASON WHY BAKER, GODWIN & CO.'S STEAM JOB PRINTING ESTABLISHMENT, TRI-FAVORITE OF THE PUBLIC, is owing to the deter mined efforts of the Proprietors to please their patrons, and to possess every requisite for PRINTING NEAT, CHEAP AND RAPID.

ment of Printing has qualified the Proprietors to introduce such improvements in the management of their business as they are certain will be for the benefit of customers. They have acted upon the belief that GOOD WORKMEN AT GOOD WAGES SECURE GOOD WORK AT LOW PRICES; for it is plain that a superior workman will do much more and neater work than one whose botched job has to be done over, or else allowed to pass to the detrinent and disgrace of both Patron and Printer.

B. G. & Co. have every variety of Type for any descripion of Printing, from a Bill to a Book, and by the use of

STEAM PRESSES can execute the largest order at short notice. Read the following from the Sunday Dispatch: PRINTING—Mesers Baker, Godwin & Co, who haverscently opened an office in the Tribune Buildings, are turning out some beautiful specimens of the typographic art—They have, at great expense, fitted up an entirely now Job Office, and with the experience and skill of the Proprietors, they must have floods of work. We have had occasion to have some printing done at their establishment, and we must say that we were surprised at the beauty of the workmanship.

A FAMILY POISONED.—One of our Exchanges says that Mrs. Swissbelm, Editor of the Pitts-burgh Saturday Visitor, and her whole family, of eleven persons, were poisoned last week at dinner, but they do not know exactly how. Mrs. Sherself had taken part in preparing the turkey in which they suppose the poison was concealed. They are all receovering except a servant woman, whom Mrs. S. does not expect to survive. Like a true woman, she bore up longest by her great activity in caring for the others, and did not go to her bed outil she had given them vomits. Mr. her hed until she had given them vomits, &c.
